## Monday Classes

### **M1-Strickley Bookcase & Cupboard by Shannon Moore** *Class Fee \$114*

This piece was originally designed by G. Strickley in the early 1900's. It was intended to house books or other collectibles behind the glass doors on each side while serving as a cupboard in the open area between the bookshelves along with the storage place below the paneled doors. The design has been modified slightly to allow for taller objects to be displayed and stored. This piece would be perfect in a Bed & Breakfast, for example: acting as a server for breakfast or afternoon tea, or housing reading material in the library or den. Our model will be made from cherry with "glass" doors and center paneled doors. The pieces will be precut, but we will spend class time assembling and fitting the pieces together. The finished size is approximately: 4-3/8"L x 1-1/8"D x 3-3/8"H

**Minimum Skill Level: Intermediate**

## Monday & Tuesday (2-Day Classes)

### **MT1 – The Trim Tailor Shop by Carl Bronsdon**

***Class Fee: \$269***

A small size structure, (not small scale) designed with detailing in mind, this tiny shop, (designed as a tailor shop but could be made into a variety of other shops) is chock full of detailing. From the faux stone façade to its oval window and “copper and glass” skylight roof, it exudes charm from a century ago. Inside a small set of display shelves, a tall mirror with bench, and a shop desk with shelving appoint the interior. Learn tricks of using paper and wood trims to create the looks of stone and tooled cooper detailing. 8”W x 13”H x 12”L

## Tuesday Classes

### **T1-Stickley Man's Dressing Cabinet by Shannon Moore** ***Class Fee: \$124***

In Gustav Stickley's description of this piece in his early magazine "The Craftsman", he describes this piece as a "convenient object of household use" "which combines the functions usually filled by two or three pieces". The large top drawer was designed for general utility. The small interior drawers held such things as shirt buttons and handkerchiefs. The bottom shelf was for shoes, the one above for trousers. Our version is made of cherry and can be used not only in a bedroom, but anywhere storage is important. The wood will be precut, and our class time will be spent assembling and fine tuning the piece. The piece is approximately: 3-5/8"L x 2-1/8"D x 4-1/4"H

Art Nouveau Vitrine

## T3-Art Nouveau Vitrine by Dia Crissey-Baum

*Class Fee: \$144*

Art Nouveau furniture came into vogue in the late 19<sup>th</sup> and early 20<sup>th</sup> centuries. It was known for its sinuous curves, motion, and mimicry of the living world in materials such as wood, metal, and glass. Build this laser-cut kit from hardwood in this class, go home with an amazing piece of furniture! This is my interpretation of the 1899 Vitrine by Gustave Serrurier-Bovy that is housed in the Met Museum in New York. Your kit includes all the materials to build an Art Nouveau Vitrine.

Bring your tool kit and your sense of fun and adventure! 5.5”W x 2”D x 6.5”H

### **TW1-Tea Party in Wonderland by Linda Farris**

***Class Fee: \$169***

A 3D printed, lighted Cheshire Cat is our host. We will paint his body with pink & purple stripes and paint his inside with clouds, trees & greenery. Polymer clay flowers, leaves & faux plants will be added as well as a mushroom and wise worm that you will paint. A fanciful flower girl looks over her shoulder (polymer clay face you will paint). An outside tree will be decorated with roses and playing cards. You will construct the table for the party and fill it with everything needed. The table and chairs will sit on a polymer clay tile patio. Other plants etc. will be included. A ribbon will finish the edge of the round base. A tiny butterfly will rest on our cat's nose. The kit will come in an 8" x 7" x 7" box that can be used to take your party home in. 7"L x 6"W x 7.5"H

( Sculpting for the Feeble Fingered  
(n Quarter Inch Scale)

Cat Wingle

## W2-Sculpting for the Feeble Fingered in 1/4" Scale by Cat Wingle Class Fee: \$114

Even if you've never sculpted before, I promise you will be amazed at what you can do. Everybody will leave with at least one finished Quarter Inch Scale doll, maybe (probably) with more than one. In this class we will spend the morning learning to sculpt figures in Quarter inch Scale. In the afternoon we will paint, dress, and wig them. I will furnish the clay, paint, tools, plus fabrics and hair, with enough materials in your kit to do several dolls. You will go home with written instructions and patterns so you can do it all again. This is a fun, stress-free class.

## W4-Come Sit on Our Porch by Cindy McDaniel

*Class Fee: \$75*

This quarter scale porch is a replica of an actual full-size porch sitting at a garden center in my hometown of Alexandria, Indiana. I decided it would be a perfect workshop for Franklin's Southern Charm theme and sitting outside in the back yard of a Bed & Breakfast. You will be learning the basics of antiquing the wood and roof. You will also be making hanging flowers, flower boxes, birdhouses, a tree, various plants, rockers, and the picnic table. I will also teach you a very easy way to make the quarter scale pillows and will have various fabrics to select from. Footprint is 8" x 6" & Porch is 4"L x 2-1/2"W x 3-1/2"h.
