The Friendly Underwriters of NAME

Every miniaturist knows that while our passion is based in FUN, it has also been built as a labor of love by thousands of NAME members who have come before us. Their dedication has supported clubs, provided communication, fostered inspiration, and made miniatures a joy for so many of us. To continue their good work, we've formed a group to support their efforts and invite you to join us.

In appreciation for joining the FUN Club, we'd like to recognize your generosity with these special gifts, along with our thanks. We hope you find them to be a FUN addition to your miniature creations or collections!
