

From the Desk of Liz West

Well here we are again with another fantastic NAME DAY project.
Happy Anniversary NAME!

To celebrate we are making a Memory Box to hold all your special monthly pieces or some of your treasured items from House Parties or other events you have attended or maybe you just want to find a home for some of your collections.

This is a sample picture.

Basic kit is cut from quality Birch ply and comes with acrylic shelves.

I suggest you purchase 3 sheets of scrapbooking paper of your choice to cover, 1 inside and 2 outside.

The top lifts off to access the lighting kit which is 5 Deca LED's already joined to make it easy to fit into the precut holes in the ceiling

as well as a coin cell battery pack. This lighting kit is sold separately

There is also a 32nd acrylic sheet available which slides down inside the front to help protect your pieces.

If you are a small scales person I have put together a couple of kits that will help you display your items.

From the top and with a few items on them

There are 2 tables @ $\frac{3}{4}$ " high and 2 @ $\frac{5}{8}$ " high and both with a $\frac{3}{4}$ " dia top.

You do need glass or

super glue for these but they will not interfere with the light shining down and still help showoff small items like cakes or flower arrangements and they can be used elsewhere if you do not want to use them in your Memory Box.

I have also put together a few wood tables with oval tops that again can be used to help showoff your small items or in a different scene.

Sizes:

- 1 table $7/8 \times 5/8 \times 1/2$ high
- 2 tables $5/8 \times 1/2 \times 3/8$ high
- 2 tables $1/2 \times 5/16 \times 1/2$ high

Please email me

liz@taffyandme.com with your order and include you shipping address as well as your phone number for the customs forms please.

Thank you for supporting my small business and I do hope you enjoy your NAME Day Memory Box and all the festivities that are offered on various groups.

Thank you

Liz West
